Re: Request for Information Pursuant to Section 104(e) of
CERCLA for the Stickney Avenue Landfill and the Tyler
Street Dump Sites in Toledo, Ohio
File No. 067-07

Dear Ms. Adams:

I am writing in response to correspondence from Thomas W. Mateer, Chief, Superfund Program Management Branch of the United States Environmental Protection Agency, Region 5, dated August 12, 1993 and directed to my client, Surface Combustion, Inc. We have previously responded to a similar request for information concerning the Dura Landfill Site in Toledo, Ohio by letter dated February 24, 1993 to Linda Beasley in the Emergency Support Section of your office. As I indicated to Ms. Beasley, my client was not incorporated until December, 1987. Further, it has had absolutely no involvement with either the Stickney Avenue Landfill or the Tyler Street Dump sites referred to in your request for information.

However, as with Ms. Beasley, I will provide responses to your request for information as well as furnishing information concerning other parties who may have additional information and to whom you may want to direct information requests. Therefore, please accept this as the response of Surface Combustion, Inc. to your information request:

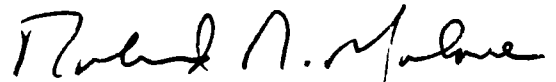

1. David G. Orzechowski, Surface Combustion, Inc., 1700 Indian Wood Circle, P.O. Box 428, Maumee, Ohio 43537-0428;
2. None. As indicated above, Surface Combustion, Inc. was

incorporated in Ohio on December 2, 1987 for the purpose of acquiring certain assets from FL Aerospace Corporation pursuant to an Asset Purchase Agreement dated December 21, 1987. It has operated its business since that date but has had no involvement with the Stickney Avenue Landfill or the Tyler Street Dump sites. FL Aerospace Corporation was formerly known as Midland Ross Corporation, operating the Surface Combustion Division in Toledo, Ohio. Documents pertaining to any involvement of Midland Ross Corporation with the Stickney Avenue Landfill and Tyler Street Dump sites remain in the possession of FL Aerospace Corporation, which is now known as Grimes Aerospace Company, 250 East Broad Street, 14th Floor, Columbus, Ohio 43215.

3. See response to No. 2 above.
4. OHDO97232946 - Surface Combustion, Inc.
5. None.
6. None.
7. None.
8. Not Applicable. See response to No. 2 above.

These are the only requests for information we have received, and after you have had an opportunity to review this response, please feel free to contact me with any questions or comments. I trust that the explanation concerning my clients lack of any meaningful information will suit your purposes. Thank you for your attention to this matter.

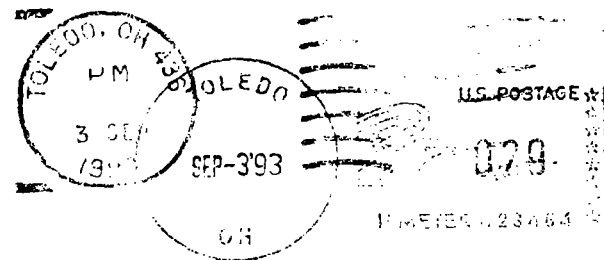

Very truly yours,

Richard R. Malone
